Art Exhibition

Marco Angelini

"Solchi Urbani"

Galeria Art NEW media,
ul. Krakowskie Przedmieście 41

An exhibition of contemporary Italian art, run in conjunction with parallel exhibitions in Rome and Bratislava. Acknowledged as a step forward for artist Marco Angelini, the exhibition is an exploration of "traces". It is also an inquiry into the idea that city-life is a state of mind, rather than a direct reference to reality. www.artnewmedia.pl
